

**KEEP PLAY
AWAY FROM
SUBSTATIONS.**

**DO
NOT
ENTER**

DANGER

HIGH VOLTAGE

Electrical substations are dangerous and house a **LOT** of electricity. Sometimes, electrical substations can be found near play areas but they should only be entered by professionals.

If your ball, pet, or toy enters the substation, do **NOT** climb the fence. Have an adult call **LES** to help. Always stay away from areas with "High Voltage" signs and never enter a substation.
